

Peer Review Scale Options

You can have students rate other student posts and comment on them. You can have custom rating variables to allow for maximum peer review.

Peer Review (Expand this area to see more options.)

Do not enable peer review in this topic

Allow Students to review messages using a simple rating scale

Allow Students to review messages using a grading form

Step 1: Click “Allow Students to review messages using a simple rating scale”.

Step 2: Click **Create Scale**.

Create Simple Rating Scale

* Need Improvement	<input type="button" value="Remove Rating"/>
** Below Average	<input type="button" value="Remove Rating"/>
*** Average	<input type="button" value="Remove Rating"/>
**** Above Average	<input type="button" value="Remove Rating"/>
***** Exceptional	<input type="button" value="Remove Rating"/>

Instructions:

Allow users to include a comment with their rating

Step 3: Click **Add Rating** to create a custom rating variable. (Ex. Needs more content, more specific information needed, too vague) Click **Save**.

Step 4: Click **Remove Rating**, to remove a rating from the scale.

Step 5: Click **Save** when finished with the scale variables.
