

Homework #8

Individual work – 10 points

Due: last day of class before finals

Write a one page paper discussing the following: Remembering that this is an Upper Division General Education Science course for non-science majors,

1. What did you like most about this class? Why (give examples)?
2. What did you like least about this class? Why (give examples)?
3. Would you recommend this class to a friend? Why (explain)?
4. What changes would you suggest to improve this class (you must list at least one idea to get full credit, as there are always possibilities to improve)?
