**Layout**

The icon layout for the Course Content Home can be changed to display icon titles or no titles and the quantity of icons displayed horizontally.

**Change Layout**

**Step 1:** Using the **Build** tab, click the Course Content button and click the **Page Options** button.

**Step 2:** From the Page Options, select **Customize Page Display** and the following screen will appear.

![Customize Page Display](image)

- This preview will change as you click the layout template options. Choosing the Custom Layout option will allow you to change the settings below the preview window.
- You can apply your settings to all existing folders or all new folders by selecting these options.
- Change the background color by clicking Select Color.

**Step 3:** Under **Layout Templates**, click the layout radio buttons to see how the layout will be modified. The last option is Custom Layout, which enables you to modify each display option including: columns, icon/text, icon placement, alignment and table width. Select a **Layout** radio button under Layout Templates (from 1 to 5).

**Step 4:** If you would like your changes to be applied to all existing folders, select the check box for **Change all existing folders to these settings**.

**Step 5:** If you would like your changes to be applied to all New folders, select the check box for **Change all existing folders to all new folders**.

Add Background Image
Step 6: To add a background image, click the Browse button and locate the image. Try not to use a busy image; otherwise, the students may not be able to read your content.

Change Background Color
Step 7: To change the background color, click the Select Color button and choose or enter a web color. Click Select.
Step 8: When you are done with your changes, click Apply.

Color
Each course can be customized to include a built-in color theme or can be customized to include colors of your choice.

Change Colors
Step 1: Using the Build tab, click the Manage Course button and then click the Colors button.
Step 2: Under Colors Set, click the radio button of a set to preview the color changes. If you would like to keep that color set, click Apply.
Step 3: If you would like to customize the course colors, click the radio button for Custom, under Colors Set.

Step 4: To modify the background or text colors, click the following icons in the preview window and a color picker window will appear.

Step 5: Choose a color by clicking it and then click apply.
Step 6: When you are finished adjusting colors, click Apply.
